Mr. David Garcia

Facsimile Number [REDACTED]

Dear Mr. Garcia:

You were referred to Mr. Lonnie G. Schmidt by Greg and Cyndi Setser as a person for whom unveiling the truth is of paramount concern. The enclosed letter from Mr. Schmidt is an introduction to not only his particular situation but to the larger issue of the Constitutional rights of many, many Americans being ignored by our federal courts.

One goal of our organization is to offer second opinions in matters of Constitutional law in order to bring public awareness to the fact that the United States District Courts are operating every day, all day long with no Constitutional or Congressional authority to sentence or imprison and thereby violates civil rights and denies due process to all Americans caught in this horrific system.

Mr. Schmidt is the Senior Constitutional Legal Researcher and Consultant of Second Opinion Services and has documented this astounding statement with his research and legal documents to be found on our website at www.Fighting4Freedom.com (Click on SOS). July 7, 2005 is the day he was taken by a 25 man SWAT TEAM with NO arrest warrant and NO charges to be illegally incarcerated with NO hearing until April 5 2006. Mr. Schmidt's case is a microcosmic example of the huge Constitutional errors our federal courts have been perpetrating since at least 1937.

During his illegal stay of the last 12 months, Mr. Schmidt has taken the opportunity to further another SOS goal to educate all to acknowledge and declare their Constitutional rights in court and to bring awareness to unsuspecting Americans about their 3rd branch of government, the Judiciary, actively depriving them of due process on a consistent basis.

On our website we refer you especially to the letters to Judge Fish, United States Attorney Richard Roper and the very interesting complaint to Attorney General Alberto Gonzales.

Thanking you in advance for any help and collaboration you would give us, I am

Sincerely,

Judith Heavens

Public Relations Director
